

# EXTREME\_MX professional grip

*Special off-road*

**EXTREME\_MX PROFESSIONAL GRIP:** this grip has been designed to meet the needs of professional racing bikers on the basis of their own feedback and suggestions. The targets are **COMFORT** and **SAFETY**: reduce riding stress, avoid blisters and the palms of the hands and ensure a firm grip.

### Features:

- Inclined anatomical shape to ensure palm comfort
- 2 version with different materials and colours: light is soft, dark is medium-soft
- 3 internal glue traces to assure perfect adhesion
- 3 spaces for wire insertion
- Greater space for fixing the wire
- small wings on the rear of the grip for a tight hold
- Additional SIL-GEL (silicone+gel) flange to avoid blisters
- Anatomical end-piece for lateral hold
- The flange is sold separately as a universal accessory for all grips
- Flange colours: Yamaha blue, Honda red, Suzuki yellow, KTM orange, Kawasaki green, universal black
